Dear County Council,

Our family, the Prucas, would like to ask for your support for our activity center. We are building a new life here on Maui and believe our new business can help the community.

Our business would provide joy for our community, allowing families to connect with each other, enhancing the “spirit of aloha”. It will bring tourist and residents alike together, allowing time away from the hustle and bustle of the normal stressful day.

In this activity center, we would have an area for snorkeling, an ocean water trampoline, jet ski rentals, beach volleyball, beach side massages, a long winding water slide that comes out into the ocean, and a lunch and snack wagon, ice cream and shave ice machine ocean side.

Please consider supporting our family business plans.

Sincerely yours,

Dr. Ralph Pruca
